For payment by cheque, please attached to posted entries. Cheques should be payable to "North Suburban Night Tennis Association".

NSNTA GOLF SHIELD - EVENT RULES

To be attached to each scorecard

R&A Rules

The Royal and Ancient Rules of Golf will govern all competition with the exception of any local rules of play imposed by the host golf course.

Scramble Format

All team members tee off each hole. The team chooses the shot they are going to use. The golfer whose shot is taken is eliminated from participating in the next shot. A player is only eliminated for the one shot following his/her selected shot. This process continues with one person being eliminated for each shot up until the ball is on the green with all players putting. (i.e. only three players play each shot except for the tee shot & putts). **All** four players tee off the next hole and the elimination process begins again. The eliminated player cannot take a practice shot or putt during the time they are eliminated. Should a player take a shot during the time they are eliminated a two (2) stroke penalty will apply.

Three Tee Shots

Each team member's tee shot must be used at least three (3) times per eighteen (18) hole round. A marker must record whose tee shot was used on each hole. If this is not clearly marked on the card, the team shall be disqualified.

Selected shot

The position of the selected shot is marked. Three team members may then **place their ball within one club length of the marked position**, no nearer the hole, and play from this position. If the selected shot is on the fairway, the fringe of the green or in a hazard, bunker or rough (intermediate or regular) the ball must be placed within one (1) club length of the selected shot, no nearer the hole, and must remain on the fairway, the fringe of the green or in the hazard, bunker or rough (intermediate or regular). In a sand bunker, the sand may be raked prior to any ball being placed.

On the Putting Green

Once the selected shot is on the putting green all players may putt. The position of the selected putt is marked. Other team members may then place their ball within one putter head length of the marked position, no nearer the hole, and putt from this position. Once the ball is holed out, no further strokes count.

Standing on an extension of line of play

Team members may stand behind one another while hitting a shot or putting.

Scorecard

The scorecard must show each team member's GA Daily Handicap or NSNTA Event Handicap. The scorecard is to be signed by at least two members of the group signing for an incorrect card or handicap will lead to automatic disqualification.

Handicap

All men will play off the white markers while women will play off red markers for tee shots. All players with official GA Handicaps will use the MAGC slope rating to determine their daily handicap. Players with a social club handicap will play off that as their daily handicap. Maximum daily handicap of 36 for men and 45 for women will apply. Other players will be given an "event handicap" based on their most recent score for 18 holes with a maximum "event handicap" of 27. The sum of the Daily or Event Handicaps for the team players is divided by 8 to determine the team handicap. Note the handicapper reserves the right to use previous year's player performance in the determination of daily handicaps.
