

## **Multi Marked Court Policy & Guidelines**

- All multi-marked courts must be approved by the Association before they can be used for competition. The Association should be contacted as early as possible in regard to this activity to ensure that the fixture is not affected.
- The colour scheme on the multi-marked courts must be such that the tennis lines stand out to advantage against other lines at night. Other line colours must not detract from the tennis court line markings.
- White is the preferred colour for tennis court lines.
- The tennis court lines must be maintained regularly throughout the year.
- It is recommended that clubs considering multi-marked courts contact Tennis Victoria for technical advice.
